Professional Summary

Motivated B.Tech (Computer Science) graduate with a strong interest in IT Project Management. Proficient in SDLC methodologies (Agile/Waterfall), project documentation, and cross-functional team coordination. Experienced in leading student initiatives, tracking milestones, and managing resources. Seeking a Project Management Trainee role to apply analytical skills and technical knowledge to support successful project delivery.

Education

Vellore Institute of Technology	June 2026 (Expected)
B.Tech in Computer Science & Engineering	CGPA: 8.44 / 10.0
DAV Public School, Dudhichua	2019–2021
Senior Secondary (Class XII)	CGPA: 9.20 / 10.0
DAV Public School, Surya Vihar	2018–2019
Secondary (Class X)	CGPA: 9.60 / 10.0

Technical Skills

Methodologies: Agile/Scrum (**Sprint Planning, Backlog Refinement**), Waterfall, Hybrid SDLC, Risk Mitigation
Coordination & Data: Milestone Tracking, Resource Allocation, **KPI Monitoring (Velocity, Burn-down)**, Change Control
PM & Documentation: Project Charters, PRDs/BRDs, Status Reports (MOM), **User Stories**, Requirement Gathering
Software & Tools: Jira (**Issue Tracking**), Trello (Kanban), **Advanced Excel (Pivot Tables, XLOOKUP, Modeling)**, Notion
Technical Literacy: **MERN Stack**, Python, SQL, Git/GitHub (Collaborative Workflows & Version Control)
AI & Productivity: **Prompt Engineering** for Risk Prediction, Workflow Automation (Zapier/Power Automate), CRM Basics

Project Coordination & Leadership Experience

- CatCatchCode — Ed-Tech Platform — Project Lead & Agile Coordinator** [\[Link\]](#)
- Directed a cross-functional team using **Agile methodologies**, facilitating backlog prioritization and weekly reviews to ensure 100% on-time delivery of 100+ technical modules.
 - Optimized **Resource Allocation** and team bandwidth to maintain consistent production velocity while establishing a stakeholder feedback loop for iterative feature updates.
 - Monitored project health through **milestone tracking** and risk assessments, successfully scaling the platform to support an expanding digital learning community.
- Scholara — Academic Workflow System — End-to-End SDLC Management** [\[Link\]](#)
- Oversaw the **full SDLC** from requirement gathering (PRDs) to final UAT, architecting business process models that significantly reduced administrative approval bottlenecks.
 - Standardized **Project Documentation** and user guides, streamlining onboarding for diverse user-tiers while ensuring 100% adherence to institutional compliance guidelines.
 - Performed **Gap Analysis** to identify security and process risks, coordinating with developers to implement validation rules during the project execution phase.
- Satsang Seva — Digital Preservation Initiative — Operations & Process Improvement** [\[Link\]](#)
- Engineered structured **Standard Operating Procedures (SOPs)** for large-scale data digitization, impacting a global audience of 200M+ users with 100% data integrity.
 - Coordinated a **distributed global team**, managing cross-functional communication to ensure quality control and brand consistency across diverse multimedia outputs.
 - Implemented **Performance Tracking** and daily blocker-clearing sessions to maintain operational momentum and meet aggressive digitization targets.

Analytical Projects

- Excel Sales Performance Dashboard — Data Analysis & Reporting** [\[Link\]](#)
- Engineered interactive executive-level dashboards using **Pivot Tables, VLOOKUP, and Slicers** to visualize critical KPIs such as sales trends and profit variance.
 - Automated project status reporting workflows, reducing manual data entry time and enabling real-time, **data-driven decision-making** for stakeholders.
 - Implemented rigorous **data cleansing and validation** protocols to resolve inconsistencies, ensuring 100% accuracy in high-stakes analytical reports.

Certifications

- Python Essentials (VIT)** — May 2024 [\[Link\]](#)
Excel Essential Training (LinkedIn Learning) — Feb 2023 [\[Link\]](#)
MERN Full Stack Certificate — Apr 2025 [\[Link\]](#)
